

IWF URL List

We **provide a list of webpage addresses** with child sexual abuse images and videos hosted abroad to companies who want to block or filter them for their users' protection, and to prevent repeat victimisation. We update the list twice a day, removing and adding URLs.

During 2016:

- **The list was sent across all seven continents.**
- **A total of 53,552 unique URLs were included on the list in 2016.**
- **On average, 211 new URLs were added each day.**
- **The list contained an average of 1,951 URLs per day.**
