## UK hosting of child sexual abuse imagery

UK online child sexual  
abuse content, % of the global

\*When IWF began to tackle this issue

The UK hosts a small volume of online child sexual abuse content – in 2016 this figure was just 0.1% of the global total, down from 0.2% in 2015. When we started in 1996, that figure was 18%.
